Dear Mrs. Dixon, EIS Manager:

I am a student of Rosemary  
Clarke School in the city of Pahrump.  
I would like to comment about  
the Nuclear Energy you are going  
to store down in Nevada.

I think that if you  
drive it down here in trucks that  
there will be spills. It will harm  
people here, if the water gets  
contaminated we would be exposed.

The wildlife will be exposed  
since you are going to store it in
